OPEN QUESTION

What is the partnership's most important outcome in the community?

To address food insecurities our students and communities are facing.

To promote and encourage Continuous Improvement for schools and systems in KY using Cognia's resources and tools that they already have access to.

Music Therapy gives our participants a wonderful opportunity to express themselves, strengthen social skills, be creative, and have a lot of fun!

OPEN QUESTION

Please add any additional comments about your partnership with UofL here:

Dr. Powers is a pleasure to work with. She is very supportive of our organization.

The interns at NLDM have added a level of professionalism to this upcoming ministry. I value their integrity and input.

We were extremely pleased with our interaction with the faculty and composition students. I would suggest in the future for concerts that the stage crew is more trained and involved in making sure set up is correct and the hall clean. Our organization was honored to work with UofL in this collaboration and we would welcome it again the future.
