PROFESSIONAL EXPERIENCE:

Acting CEO, University of Louisville Physicians February 2016 – Present

Senior Executive Leader of the largest multi-specialty physician practice in Louisville, Kentucky with more than 78 subspecialties, 1,200 dedicated staff professionals, and more than 700 primary care and specialty physicians. Works closely and collaboratively with the Board of Directors, the chairs of clinical divisions, and their faculty members to manage a complex and integrated practice plan while implementing the future strategic direction of ULP, whereas enhancing economic viability in a very competitive marketplace.

Associate Dean, Faculty Development (Part-time) July 2015 – Present

Senior faculty member responsible for creation of a School of Medicine-wide program for faculty development and chairing new Faculty Development committee. The initial focus of this role has been to create programs to enhance our faculty's ability to teach in large group settings, create a peer coaching program, and to develop a new leadership development curriculum.

Sabbatical, Medical Education Innovation January 2015 – July 2015

Visited eight medical schools in the U.S. at the forefront of medical education innovation. These included four schools that had received AMA Award for Accelerating Change in Medical Education in 2013: (Vanderbilt University, University of California at San Francisco, Oregon Health Sciences Center, East Carolina University), The Lerner College of Medicine at the Cleveland Clinic, Case Western Reserve University, and two new medical schools (Hofstra North Shore-Long Island Jewish School of Medicine, the Charles E. Schmidt College of Medicine at Florida Atlantic University). The goals of the sabbatical were to:

1. Distill and bring back innovative methods to implement into the undergraduate and graduate medical education programs at UofL.
2. Return to create a new School of Medicine-based program in faculty development focused on making our faculty better teachers.

June 2015: Participated in the Harvard Macy Institute Course: Leading Innovation in Healthcare and Education

Chairman, Department of Pediatrics 2006 – 2016

Provide oversight of all administrative functions of an academic pediatric department with 200 faculty, approximately 100 residents and fellows, over 350 support staff, budget of \$89 million in 2016.
